

PRODUCT INFORMATION SHEET

Green laser level

Product description

Professional self-leveling cross line laser level for precise defining of vertical and horizontal lines with a laser beam. Its application ensures the highest precision of measurement and the elimination of errors in renovation and construction, finishing, assembly and installation works. It is also applicable to decorating works, e.g. hanging shelves or paintings. It can be used both indoors and outdoors.

Characteristics

- high self-leveling accuracy $\pm 4^\circ$, manual adjustment is not required;
- working range: beam up to 11.5 m / diameter up to 23 m;
- green laser beam ensures even better legibility and clarity of reading;
- self-leveling lock increases the comfort of work;
- cross-measurement option;
- measurement accuracy at the level of 0.3 mm/m;
- laser wavelength 505 ~ 520 Nm;
- class II accuracy;
- 1/4" tripod thread;
- IP54 rating will ensure protection against dust and water;
- working time up to 18 hours;
- additional holder and magnetic holder;
- powered by 2 x 1Ah AA Ni-Mh batteries;
- compact size and low weight ensure easy storage and transport of the level, which can be a basic equipment of a tool box
- packed in a practical case that protects the product against dirt and damage.
